## Support for Diamond

DOAJ has endorsed the action plan for Diamond OA

Partner in the Horizon Europe DIAMAS project

Continue to support Diamond journals to be indexed, for example project with the Royal Danish Library

Support for digital preservation through the JASPER project

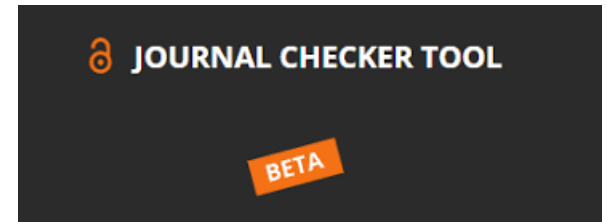

# DOAJ is a building block for innovation within the ecosystem

Our metadata is open and free to use, and is used by others to innovate within the sector.

# SciFree

# DOAJ as an organisation

- New Managing Director (Lars Bjørnshauge still involved as advisor)
- DOAJ has committed to the Principles of Open Scholarly Infrastructure
- Creating a new legal entity for the organisation
- 2023 is DOAJ's 20th Anniversary

## **Our strategy for 2023-25**

### **Advocating for equity and diversity within scholarly communications**

- Participating in projects to promote more equitable publishing
- Partnering with organisations in regions which are underrepresented in our index
- Enhancing our global outreach through our ambassador programme

## Our strategy for 2023-25

### **Building trust in high quality open access journals**

- Building relationships with policy makers and decision-makers to influence the inclusion of OA in high-level policies
- Raising the profile of our journals

# Sustainability: securing the future

- Moving our operations to the EU
- Developing a new governance structure in line with the POSI principles
- Securing sustainable funding
- Ensuring organisational resilience - adapting to the future changing publishing environment
