The leading route to open culture and open science

Strategy 2016–2020

- What is Finna's core mission?
- What is Finna's **goal** for 2020?
- What are the strategic objectives for 2016–2020 based on this goal?
- What measures will help us reach these objectives?

#### **Core** mission

#### Finna provides an engaging and easy way to use interesting and reliable cultural resources

Finna makes it possible to easily provide resources <b>to suit the</b> <b>needs of different users</b>	Finna develops customised, user-friendly services	Finna promotes cooperation between organisations	Finna offers an innovative, constantly evolving environment for using information
Sharing reliable information	Enabling reuse	Replacing old services	Offering the environment to users
Resources become searchable and visible	Utilising user-generated information	A platform for inter-sector cooperation	A cooperative model of development
Selected, comprehensive, easy to access collections	Creating a WOW effect	Could be the sole digital channel for some institutions	Linking national infrastructures

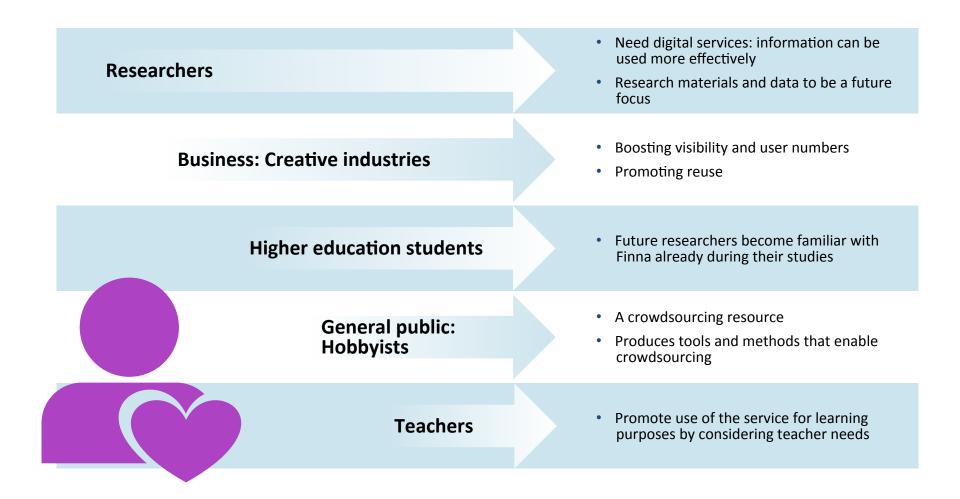

### Goal

	Perspective	Goal 2020	Goal details
	Openness	Openness maximises the benefits of reuse and the innovative development of services	<ul> <li>API and source code are open and documented</li> <li>A transparent operating model</li> <li>An extensive, varied development network</li> </ul>
	Intelligence	Combining materials intelligently, a learning Finna	<ul> <li>Intelligent linking of material</li> <li>Integrating national infrastructures and using partnerships</li> <li>Recommending materials and visualising data</li> </ul>
0	Social connections and interaction	Centralised use of social metadata	<ul> <li>A better connection between the people generating and using the data</li> <li>Centralising social metadata and exporting it to support authorised metadata</li> <li>Collecting and utilising use data</li> </ul>
	Creation of added value	Innovative and cost-effective	<ul> <li>Finna makes all relevant collections available</li> <li>Enabling the sharing of material on a cost- effective platform</li> </ul>
	Content	Fuel for new thinking and innovations	<ul> <li>Relevant, sufficiently comprehensive collections that meet the needs of users</li> </ul>

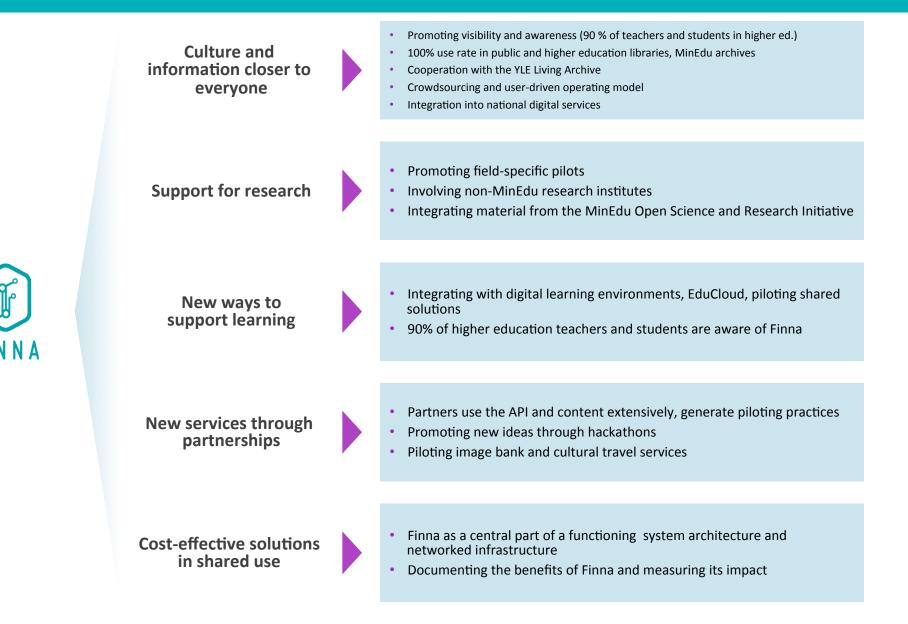

The Finna goal The leading route to open culture and open science Users

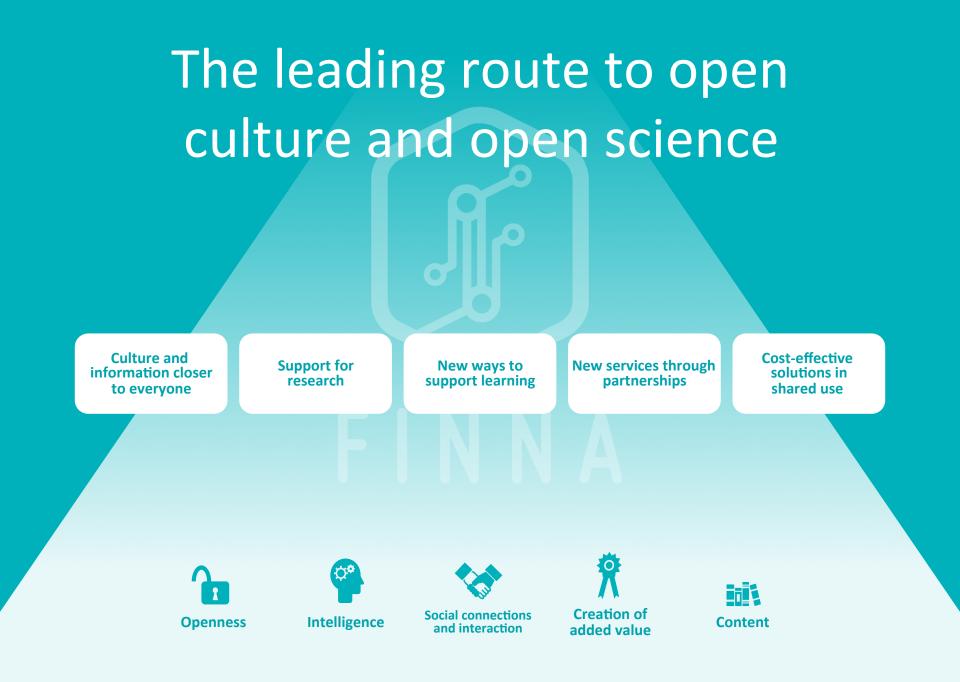

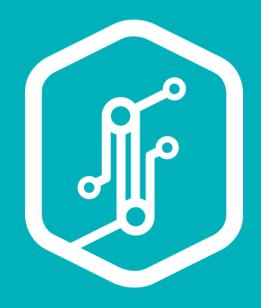

## Strategic objectives
