

Nordic Open Access Forum

Nordic Open Access Forum is a regular meeting for Open Access activists from all Nordic Countries (Denmark, Finland, Iceland, Norway, Sweden). The meetings have been organized since 2012, usually twice a year, either online or in one of the Nordic countries. There is also a Nordic Open Access mailing list.

For further information, please contact Jyrki Ilva, [jyrki.ilva \[at\] helsinki.fi](mailto:jyrki.ilva@helsinki.fi).

The NOAF spring 2021 meetings will be organized online in two parts. The first meeting on April 8 will mostly concentrate on reports from each of the Nordic countries, while the second one on April 20 will feature a number of current international topics.
